The boogeyman beater club

NO 3

To start with I have a weird question for you
all because:

I do offer my books to you for free, but I hope
you would like to review the boogeyman
beater club on google or the boogeyman beater
club or boogeyman beater club books on
amazon. boogeyman...

Just in your own language or your own
thoughts you had with that book because The
supreme boogeyman or the supreme
boogeyman is only a children's book author if I
can learn from my mistakes and I can save you
from nightmares!

Because life is sometimes not too easy for a
child or even a bogeyman, but if the children
can remain children then we bogeymen have
done our job with kind regards the entire
boogeyman beater club!

№ 4

This is the second boogeyman beater club booklet that, just like where kings are born, consists of 1 story, and not of several parts! We all want something different sometimes and although growing up seems so beautiful and so tough sometimes it is better to remain a child because I am small myself, even though De opper boogeyman sounds very big, I am also just like you, the little readers / listeners of my boogeyman knocker club booklets! So I wish you a lot of fun with this booklet and hopefully we will understand at the very end why I called this booklet a new beginning! Because we start this booklet with Ben and Ben is like so many a stubborn student at the school of many trial and error ...

№ 5

CHAPTER 1

HERE IT STARTS

NO 6

Ben is a student who still has a lot to learn, but he knows the trade of mischief through and through and with that he often gets into trouble but also out of it again, just like when he daubed the teacher's car with putty!

That doesn't just go off, no matter how hard you scrub, it doesn't just go off...

So he often sits with the director for that and the director also has to pay for it, such as putting a thumbtack on his chair and when he sat down aaaaauuuuwie!!

Ben's pranks are well known everywhere and everyone runs away from him simply because they're afraid of what he can do...

Because he doesn't back down from anything, not even his parents, the mischief goes on and on until one day he wakes up having had a huge nightmare, one that you should forget as soon as possible but that will stay with you for so long...

NO 7

One that separates the ogre from the book
zero and one that makes even the greatest
demon or any other supernatural being
tremble.

A nightmare about vampires in the dark night
who, looking for blood, devour every human
and animal with the greatest of ease..

With trembling hands he brushes his teeth and
washes his face before going to school.

But even at school, the extra driven vampires
are waiting for him!

He sees the yellow glow in their eyes where
they quickly change to a blood red color and
hungry look 1 walks towards him and turns
into smoke when he is almost with him just
disappeared into the air..

He hears the bell for a new school day and
frightened he walks through all the hungry
and bloodthirsty vampires on his way to his
classroom, but even the students have turned
into the hungry undead!

NO 8

All his boyfriends and girlfriends have turned
into those bloodsuckers!

And while the people run for life outside the
school building, the classmates lick their lips
and show their fangs...

Hunger shines from them when they brush
their tongues over their lips and when the
fangs seem to get bigger and bigger!

Even the girls who never saw him look at him
in love and want to taste his blood and want to
suck him dry until the last drop of blood has
disappeared in their stomachs....

But Ben is much but not stupid as the
classmates slowly approach screaming and the
Roman soon grabs him and Rosalie sniffs his
neck. But when the teacher taps the
blackboard with his big fingers, they leave him
alone...

NO 9

Ben looks around and he sees that the bloodthirsty vampires are all staring quietly ahead at the teacher and the blackboard where the nails scrape against the board with a hellish squeaking sound...

All the classmates put their hands over their ears as the beeping goes on for hours, and then there's a thud.

Everyone looks back and sees that Anne has passed out while snoring on her desk.

All classmates are impressed except Ben because he has discovered a new weapon and that is the first one but for example garlic and other things like wooden bars and crosses and other things even...

But where he didn't think about sound and how exactly about sunlight? Because they just walk around in the middle of the day in the full sun.....

NO 10

CHAPTER 2
HERE IT GOES
FURTHER!

NO 11

He immediately realized that, so the garlic, the wooden bars and crosses, he also has to think about whether that is really true...

Anyway, the sound works so far.. He's high in his mind when the bell rings for recess and as everyone sprints out like a vampire in dire need, he walks leisurely to the music room...

He hears all the vampires screaming and running and stomping and laughing and he scratches his head again wondering if he is doing the right thing... He is the only human, or so it seems..

All his friends have changed, the people who were left have changed and he wonders what the added value is in fighting them.

He wonders if it is the right thing because they have also left him alone..

Why would he do this?

Why does he have to be the only human in this world? Why if they can change him too and he can join them?

Maybe that's even a much better idea!

NO 12

But that idea quickly vanishes when he thinks of all the people he's going to hurt and the beasts he's going to hurt and then the realization dawns that he's the only human left to stop this terror... And he starts with sound as a weapon because it looked like it worked! So he grabs an electric guitar and plugs it into the amp and plays the best solo of his life, the one that frees him from the first vampires... The first liberating emergency sounds like a car accident and the rest like a chain collision that sends the vampires screaming to dust one by one...

He sees a portable amp and he plugs in his new best friend, ready to get into some mischief!

First he takes some batteries from the cupboard and then he throws the warlock over his shoulder and clips the amplifier to his pocket.

Then he walks the guitar like a rock star through the corridors recreating the howling

NO 13

notes of an evil wolf as the vampires go screaming one by one to the ground and are swept to dust by the wind... He plays the stars of the sky and keeps playing as a true blues legend!

And while more and more false notes are being played away by the most beautiful notes on this globe, the redeeming notes!

The vampires seem to get angrier and angrier until 1 gets hold of his guitar and takes it away after which all vampires shoot at him like a cannonball and grab hold of him and sink their teeth into his neck.

He feels a sting and he feels his blood being drained, then 1 more and 1 more and then life feels light where it felt heavy before and the lights go out until he wakes up in a dark cold environment...

The Warden's room, who introduces himself as Hayno the Supreme Vampire!

NO 14

**His hands are long and his fingers are bone
while long nails stick out and scrape against
the wall with a hellish sound!**

**Ben is frightened by the form Hayno has as he
approaches and opens his cloak the clothes are
old and worn and when he walks he seems to
float through the air, a true elderly vampire..**

**And a true director as stately bossy and
authoritarian if they can be!**

Hayno shouts the words!

**Klontoyano-boogitory-boogitory-boogitariya
nopity-boogitoriyona!**

**Out and the fallen vampires all come back from
the ashes risen and as they are formed like the
vampire they once were with the same
bloodlust as before but something has
changed because Ben is no more Ben is that
scared kid with that lovely pulse no more he is
one of them, a vampire!**

**But his eyes are different from theirs. He has
red eyes that light up like a laser beam...**

NO 15

**And a mischievous look that can even frighten
the supreme vampire....**

**This vampire is up to something and they all
notice... This vampire is different and does not
intend to be stopped by his friends and or
family!**

**This is the vampire of vampires in the undead
world that is playing now, but above all this
vampire is naughty and naughty!**

NO 16

CHAPTER 3
AND EVEN
FURTHER!

NO 17

And everyone will find out too! Because this vampire won't stop clearing up the vampiria in a vampiric vampire world full of leech and other vampire things like.....

Fill that in yourself!!

Even the greatest vampire of the vampireians wouldn't be able to handle him and the supreme vampire himself leaves him alone after looking into those red eyes that glow like a brake light or a great tail light!

He blinks his eyes and he's gone! Gone in a cloud of smoke in search of his first victim!

He runs along the bike path at the fastest speed and while running he takes the paving stones with him, leaving a hole in the bike path right in the middle and when those red eyes blink again the light goes out!

NO 18

Then an unsuspecting vampire cycles up and when Ben raises his hand and the cycling vampire looks around, he lies with a breakneck pace and sniffs hard, then Ben calmly walks over to him and, laughing and grinning, hits his head, causing him to crush the vampire in 1 blow pulverized and it goes up in flames!

Then the light returns and Ben has a new idea, he comes up with the idea of pulling 8 paving stones from the sidewalk and quickly digging a hole as deep as China and returning the tiles with 16 small and fragile planks to lay!

The first group of vampires is already approaching and they are still acting tough but they will soon die when they fall into the trap

Mwuhahahahaha!

But unfortunately they walk over the tiles with the greatest of ease and seem to float over the paving!

Ben doesn't give up and gets mad at himself after all the hard work he's put in!

NO 19

Again he tries the same but this time he makes the sidewalk slippery and slippery by leading green soap in a trail on the ground to the trap.....

And again a group of vampires comes and this group is even bigger than the previous one and even tougher than the last one but this time the plan works and Ben laughs completely drowsy when they do everything they can to stay upright under the green soap but Piece by piece:

Plow, plough, plough, plough, plough, plough, plough, plough fall into the giant hole!

1 more tries to turn into a cloud of smoke and escape the hole by changing back on the other side, but the remaining green soap under his feet creates the very last:

Plouef!

Ben can't believe his eyes and has to hold his stomach with laughter!

NO 20

This is great bullying the undead a bit while being the same yourself in the same situation that you yourself have been in!

You know yourself!

Then he hears a hummer speed by with maybe 8 tough vampires in it, one even tougher than the other, because the clothes make the vampire and they all have a leather jacket and chains that go from their jacket to their pants...

But Ben doesn't take it too seriously when they stop right in front of him and honk and then drive off again..

He laughs to himself and as a vampire you are tough and rough and evil and rough but above all strong and faster than a hummer! And when the fast tough vampires hit the gas he holds the hummer so it doesn't move forward!

№ 21

CHAPTER 4

AND FURTHER!

NO 22

The tires squeal and the smoke from the burnt rubber can already be seen and smelled while Ben keeps holding the hummer, the squealing tires soon turn into screeching whining sounds, when the car tire is completely burned and the hummer is gone on nothing but the rims trying to drive...

The sparks can be seen as Ben lets go of the hummer and it lurches across the tarmac to land in the trap of first with both front wheels.....

PLOEF!

The windows of the hummer all shatter with a hellish sound:

jingle jingle jingle jingle jingle!

NO 23

The angry vampires all get out of the hummer one by one to end up in the hole one by one, after which the hummer also falls on them! Ben loosens his jaw and there's a laugh they heard a block away!

And yes, there come the vampires already an army of them all angry and rough and tough and furious! A gigantic army of the undead coming his way with a vengeance, and then the hummer is thrown into the hole by the vampires just as 20 or so vampires approach:

SPLATSPLATSPLATS!

The army soon turns against the fallen vampires and it looks like one bum after another tries to climb out of the giant hole as they get knocked down and kicked by an army! Ben tries to hold back his laughter because that's kind of neat and he doesn't feel like taking on 500 vampires right now so he decides to just join the kicking vampire folk!

NO 24

And with every kick he gives, the tough vampires point at him and try to say it's his fault, but just like with humans, there's always someone stronger or tougher than you!

And 500 or so vampires don't listen as they jump into the hole and rip the leather vampires apart one by one....

Then the hummer makes a screeching high and shrill noise and Ben thinks to get out of here so he quickly runs away as the 500 vampires all stand transfixed with their hands over their ears and all turn to smoke!!

That turned out to be a blessing in disguise and a probing accident....
