

A large, dark, textured hand with a mottled blue and black appearance reaches upwards from a rocky, cratered surface. The hand is set against a large, full moon with a yellowish-green hue, which dominates the background. Several dark, angular rocks are scattered around the base of the hand and in the foreground. The overall scene is set in a dark, atmospheric environment, possibly on the surface of the moon.

**Now it all makes a lot more sense at once, doesn't it?
Sorry for the difficulty, and I could have done it all a
lot easier, but that's just how easy it is...**

**Welcome to: The revenge of Auch Claw, Auch Claw
part two!**

NO. 3

Do you remember what happened to Giullo and Hand after reading: The story of Auch Claw and the boogeywiggle?

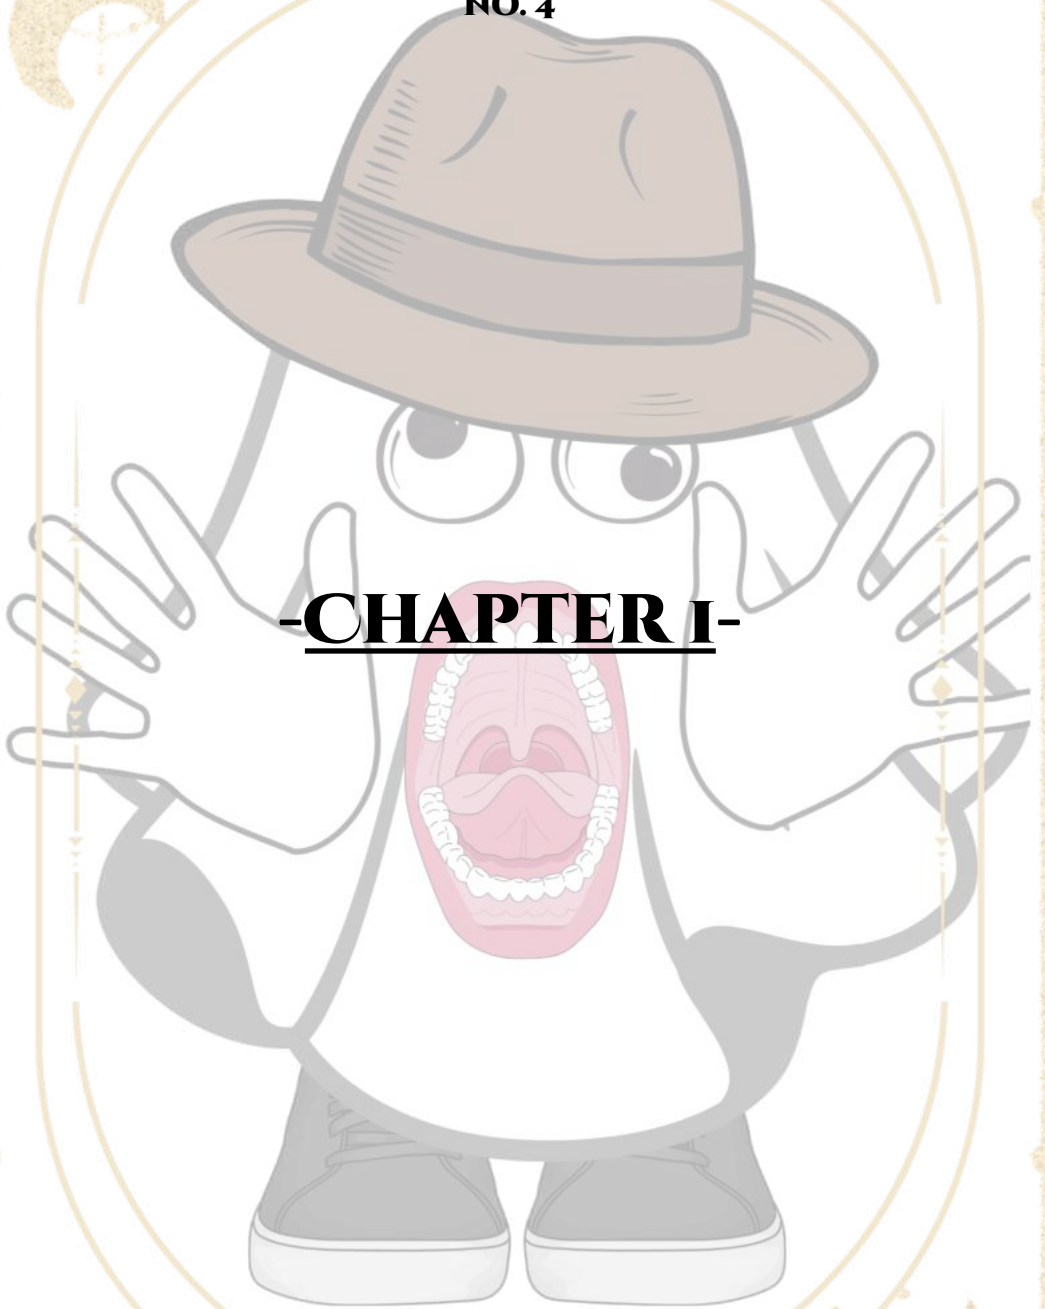

Well, it all started with Giullo getting a pet which turned out not to be a pet at all, sometimes you get that! Only with Giullo things have gotten extremely out of hand! (Do you get it!?)

His pet, a flying snowman-cotton candy creature, was not very sweet! Because it turned out to be a boogie wiggle...

His hand came to life and ran away from him, causing them to end up in the strangest situations together and even ending up in Fearland Feartopia. To fight a giant boogeychaun and then end up on a completely different planet through some gigantic eye. Come on! And there we continue with this story on the planet UB/09 where three moons and two suns shine and bear people and dinosaurs walk around!

NO. 4

-CHAPTER I-

NO. 5

When Giullo landed on planet UB/09, he had no idea what awaited him! But the people here look listless and literally walk around with their souls under their arms.

Their zest for life is truly gone and it is a depressive intention here on planet UB/09!

The eye sent them here, but why did the eye do that?

Giullo finds it all strange, but he has experienced stranger things, such as his hand walking away in one go... Just like now, that hand walks away again and waves its index finger at Giullo, after which Giullo of course follows... Auch Claw doesn't just let himself be stopped and climbs through bushes and swims through the water while Giullo stands on the side and wonders how he will get to the other side...

When Auch Claw is on the other side, he waves his fingers in the air and out of nowhere there is a bridge...

Are you serious about this? Serious? Okay, whatever you want!

NO. 6

When Giullo walks over it, the bridge disappears a little. Each step forward causes the bridge to disappear a little bit until he reaches the other side and the bridge is completely gone.

Okay and now? Show me the way, give me a hand!

But it seems as if his hand gets a short circuit, he jumps and runs in all directions. It looks like it's tilting, like an old-fashioned pinball machine!

Giullo tries to catch him and calm him down, but that's not nearly as easy to do with one hand! And then poof and Auch Claw is gone, vanished out of nowhere!

Oh no, huh! Not again, we just got a fluggin band together! GET HERE NOW!

But as soon as Giullo starts screaming he is tied up in the air with a sweaty sock in his mouth! He goes completely wild and writhes on the ground, but there is no one to help him, the bear people walk past, but just leave him there! He gets wilder and wilder, his head turns completely red, but Ouch Claw is nowhere to be seen!

NO. 7

And then pure peace as if he has accepted it... To make matters worse, it starts to rain, and not a normal shower but a downpour! And Guillo is lying there, just lying there, waiting for his hand!

But he just lies there and lies there and no one helps, or even wants to help. They don't even look at him, it's like they're blind! And you can't scream with that sweaty sock in his mouth...

He has lost his hand and is tied up alone in the pouring rain with a wet sweaty sock in his mouth, it doesn't get any worse!

But to make matters worse, it also starts to thunder!

He writhes and writhes and writhes his way to safety, and all kinds of things fall from the sky, rocks, and roof tiles fall to the ground next to him!

And he keeps wriggling and trying to avoid everything, but at a certain point so much falls down that even Guillo can't escape! With every stone or roof tile that hits him, he hears a laugh from unknown origins...

And then when he thinks it really can't get any worse, crockery and cutlery even falls from the sky! Everything is full of stones, roof tiles, shards, forks, and spoons!

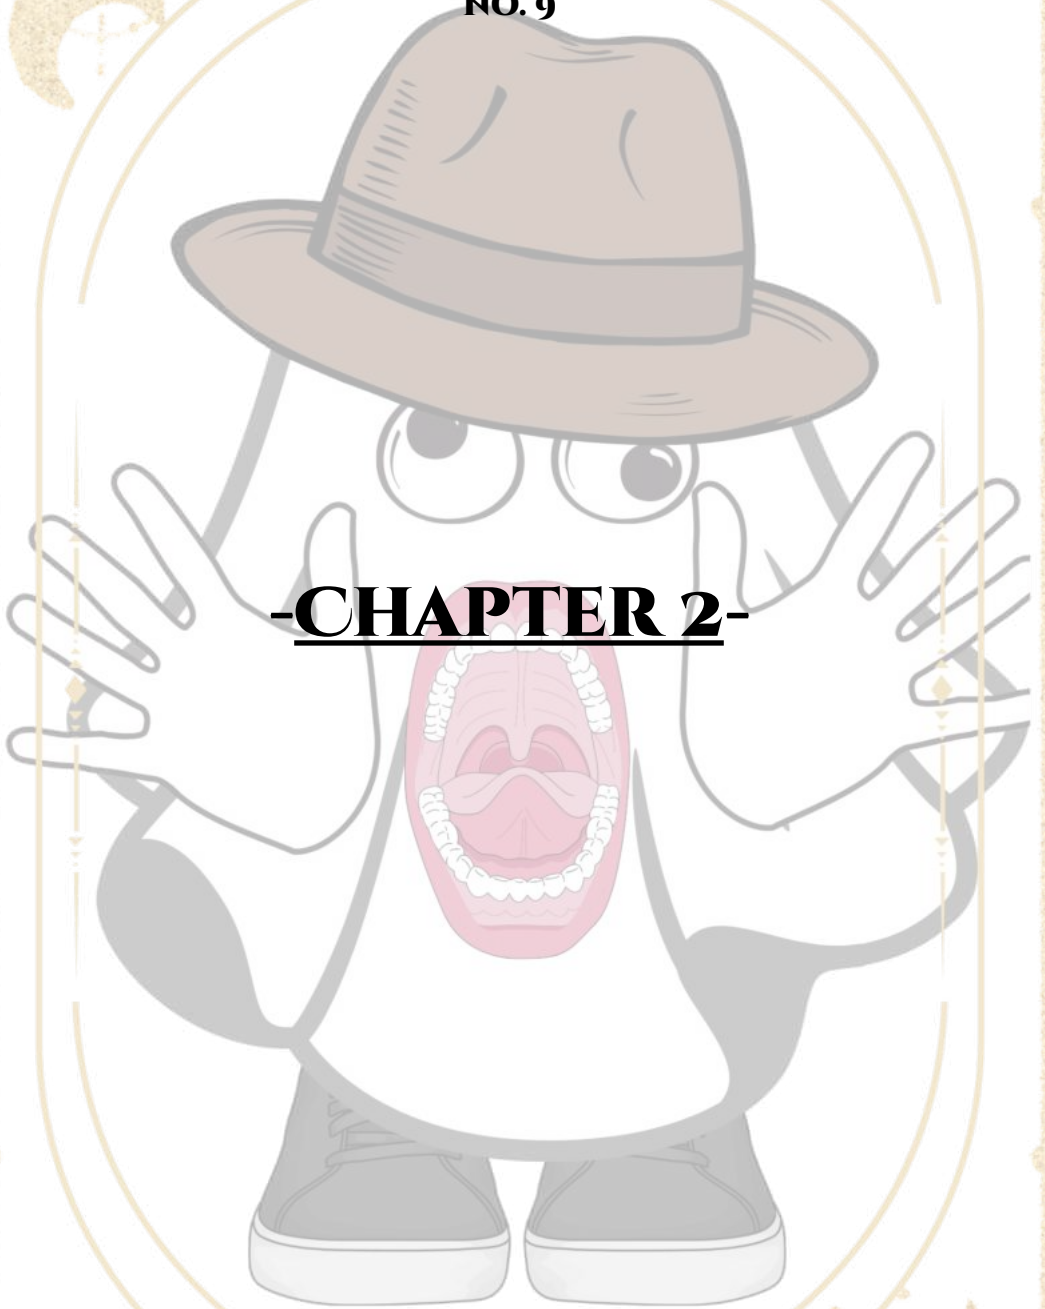

NO. 8

And where the hand is, only the hand knows...
Could this be because of that eye?
And where does that smile come from? It's a
sweet, warm smile in itself, but he laughs at the
wrong things and there's no one around anymore!
Then, out of nowhere, Giullo is pulled
backwards, straight through the puddles of water
and dragged over the stones and shards! He can't
look back, and he can't protect himself against
this... He just has to let it happen, until the
pulling and dragging stops, and he sees Ouch
Claw, and he takes the sock away and loosens it!

**HAVE YOU GONE COMPLETELY CRAZY?
WHO DO YOU THINK YOU ARE?**

NO. 9

-CHAPTER 2-

NO. 10

Auch Claw slaps him across the face and waves his index finger back and forth, as if to say: It wasn't me...

Then he makes a strange movement with his hand that Giullo can't identify, but Giullo doesn't dare say anything anymore. Auch Claw makes a screen in the air with his finger and a picture appears! A ghost with a hat and shoes on, who makes inexplicable, inexplicable things happen... Yes, explain that!

He makes the strangest things happen from an inexplicable place somewhere on this planet.

Auch Claw hits Giullo again and again until Giullo apologizes, then he stops.

And his hand raises itself again, and he disappears again, just like what happened before. When Giullo looks down, he is standing with his feet in water and the water is rising quickly. So fast that the water is up to his ankles in no time! What happened now?

Then he hears that laugh again and another downpour comes down while the water just rises and rises!

The bear people all put on boots and continue their way, as if it were completely normal here... What hand showed, that ghost, would he do that?

NO. II

Yes, that almost has to be the case, because where is your hand? First he hits tilt and then poof he's gone!

And then the strangest things happen, like the water still rising...

And those bear people are of little use to you!

They just leave you tied up... And then there's that smile in the air...

The water continues to rise and rise, and there you have that smile again!

There are all kinds of things swimming in the water, and Giullo feels all kinds of things sliding down his legs, but he doesn't see anything...

Frightened, he struggles through the water like a dog, because he has never learned to swim, and then... The ghost shows itself and tries to say all kinds of things, but the only thing that comes out is:

LUBLUBLUBLUBLUBLUBLUBLUBLUB!

Then he starts laughing again and seems to be doing magic or bolting as they call it here!

Everything from anvils to gravestones falls from the sky into the water, creating a hole in the ground and washing away all the water including Giullo like a drain!

NO. 12

LUBLUBLUBLUBLUBLUBLUBLUBLUB!

He cannot see where Giullo is now, but he knows that this is far from over! Who is that ghost? What does he want?

Then Giullo stubs his toe and shouts out:

DE FRIKKIN-FRIKKIN AAAAAAH!

And then it suddenly becomes light, it looks like a cave, and he sees Ouch Claw shaking back and forth, as if he is laughing. Giullo angrily walks over and points with his good hand at his bad arm. But little hand points back and forth with his index finger and has no intention of cooperating! Again Giullo points with his good hand to his bad arm and commands Ouch Claw:

NOW, COME BACK, PODVERDE.....

And then they hear something they would rather never have heard, they hear:

BOOGIE BOO, BOOOOEEEE!

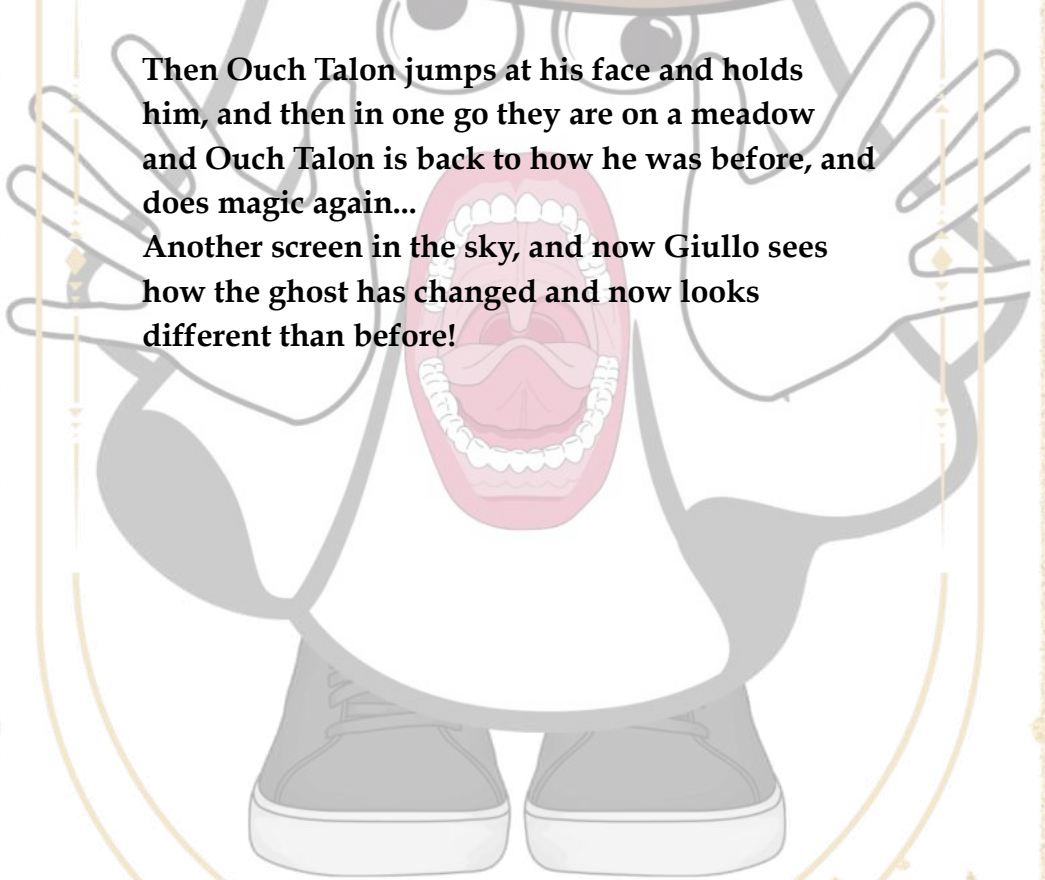

NO. 13

Then the entire cave collapses! Giullo is looking for a hand, but the hand will be gone again, as has so often been the case lately! But he is alone, he has changed color, he is now red and scary and angry! His hand is no longer his hand! He seems evil and turns on him! What have I done!?

Hand, I'm sorry, please, you're scaring me!

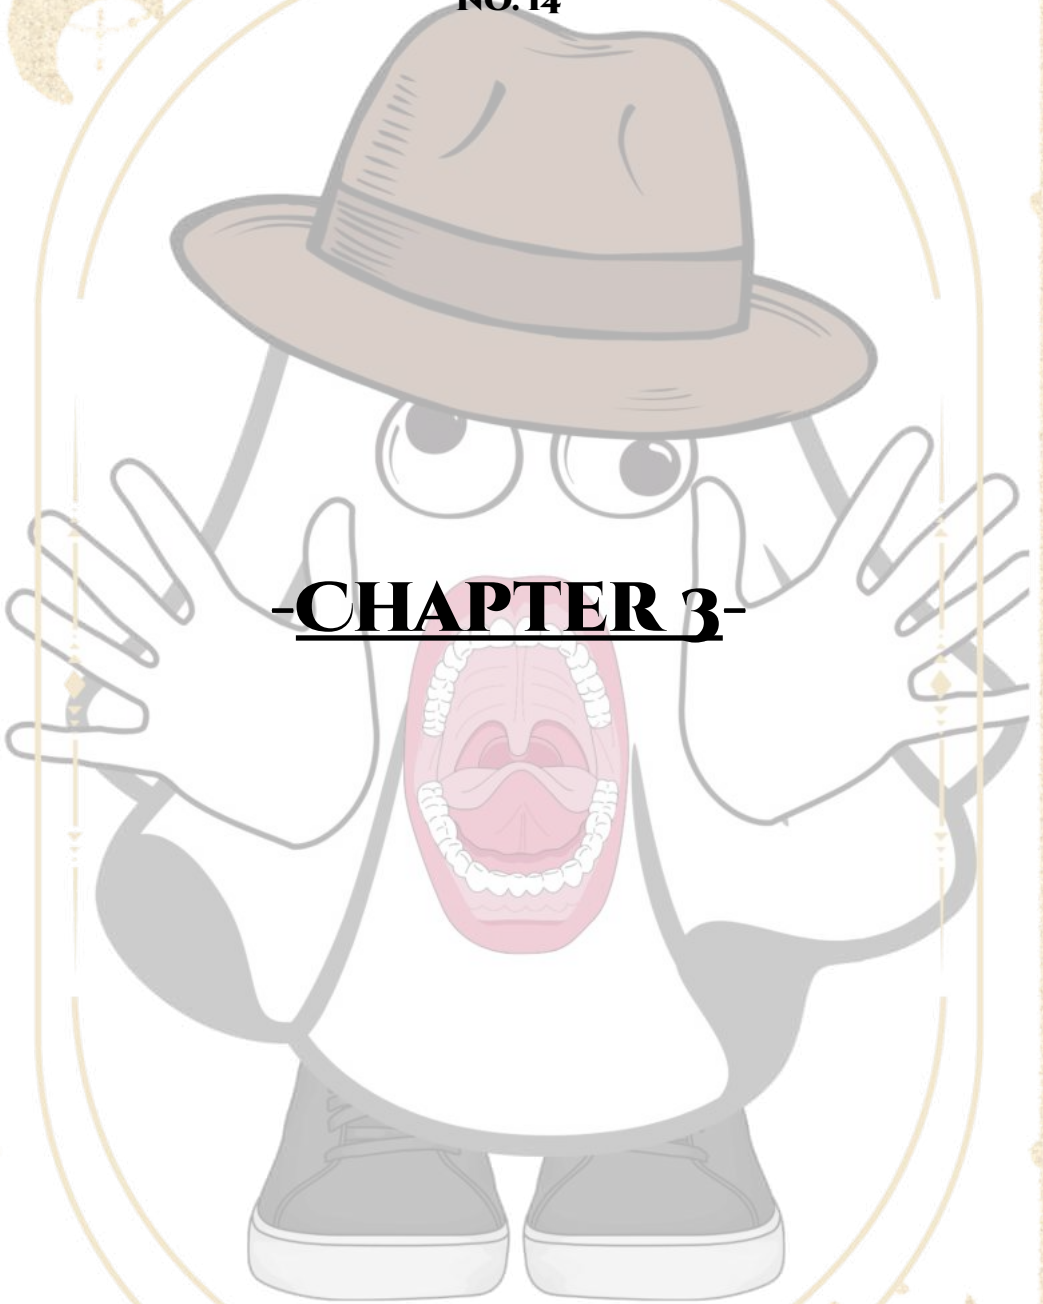

Then Ouch Talon jumps at his face and holds him, and then in one go they are on a meadow and Ouch Talon is back to how he was before, and does magic again...

Another screen in the sky, and now Giullo sees how the ghost has changed and now looks different than before!

NO. 14

-CHAPTER 3-

NO. 15

The ghost looks scary, with scary eyes and big teeth, his hands have changed color and he is destroying everything! He's completely out of control! Green slime is dripping from his mouth and he's out for total destruction!

BOOGIE BOO, BOOOOEEEE!

Ah no, and yes the whole city collapses, the buildings collapse, the shops implode and the ghost just laughs!

He just laughs and rants, getting more evil by the second...

And while the bear people search for safety, Giullo and Auch Claw search for this ghost, whom they call Boogeyboo!

Boogeyboo must be stopped, but they don't know how yet, while Boegieboe does everything he can to stay hidden.

But when Auch Claw comes up with his own bolter method, Giullo knows he has to be careful. Hand conjures an anvil in the air and a lasso while creating a portal with his finger.

NO. 16

He throws the lasso through the portal, and they see on the screen that the lasso has the ghost, then the hand pulls him through the portal.

And just before he can unbolt himself, his hand throws the anvil loose! Boegieboe's eyes widen and turn in all directions, while his hands and feet detach from his body. He is as flat as a dime and when he can even pick up his teeth and his teeth are in dozens of loose parts, he bolts. And free himself.

But Auch Claw was already prepared for this and conjures up a glass box with 1 opening, into which Boegieboe is sucked in and when the opening closes, Boegieboe tries to get free by bolting, but it is no use!

The Boogeyboo is locked up, and suddenly the dangerous ghost turns into a small child, Giullo asks his name.

He introduces himself as Kees, and Kees has fallen victim to the all-seeing eye of Angstland-Feartopia, which has condemned him to an existence as the Boogeyboo on the planet UB-09.

Why doesn't he just know that from Angstland-Feartopia he is condemned to the life of a giant bully!

NO. 17

Hand loosens the box and carefully guides Kees to the ground. Auch Claw shakes his hand and installs a radio so he can talk to Kees.

He says:

You are forgiven, we have also been condemned by the eye, but I hope you can make up for your havoc!

I hope you can make up for your mistakes before it's too late!

Kees shakes his head and starts bolting, but then suddenly he changes back into the Boogeyboo and bolts into the box, and again they hear:

BOOGEYBOO, BOOOOEEEE!

Then the Boogeyboo bolts a man with a demolition hammer, who starts demolishing the glass coffin from on top.

And if that doesn't work, Boogeyboo sets up a whole demolition team, but that doesn't seem to work either, a team, what!? A whole army of scrappers, but it's no use, the glass coffin remains intact.

NO. 18

Then the demolition workers turn on Giullo and come after him one by one with their demolition hammer.

No matter how much they try to hit him, the demolition hammer goes right through him. And the demolishers become more and more tired, until one by one they dissolve into the air and the coffin opens again on its own.

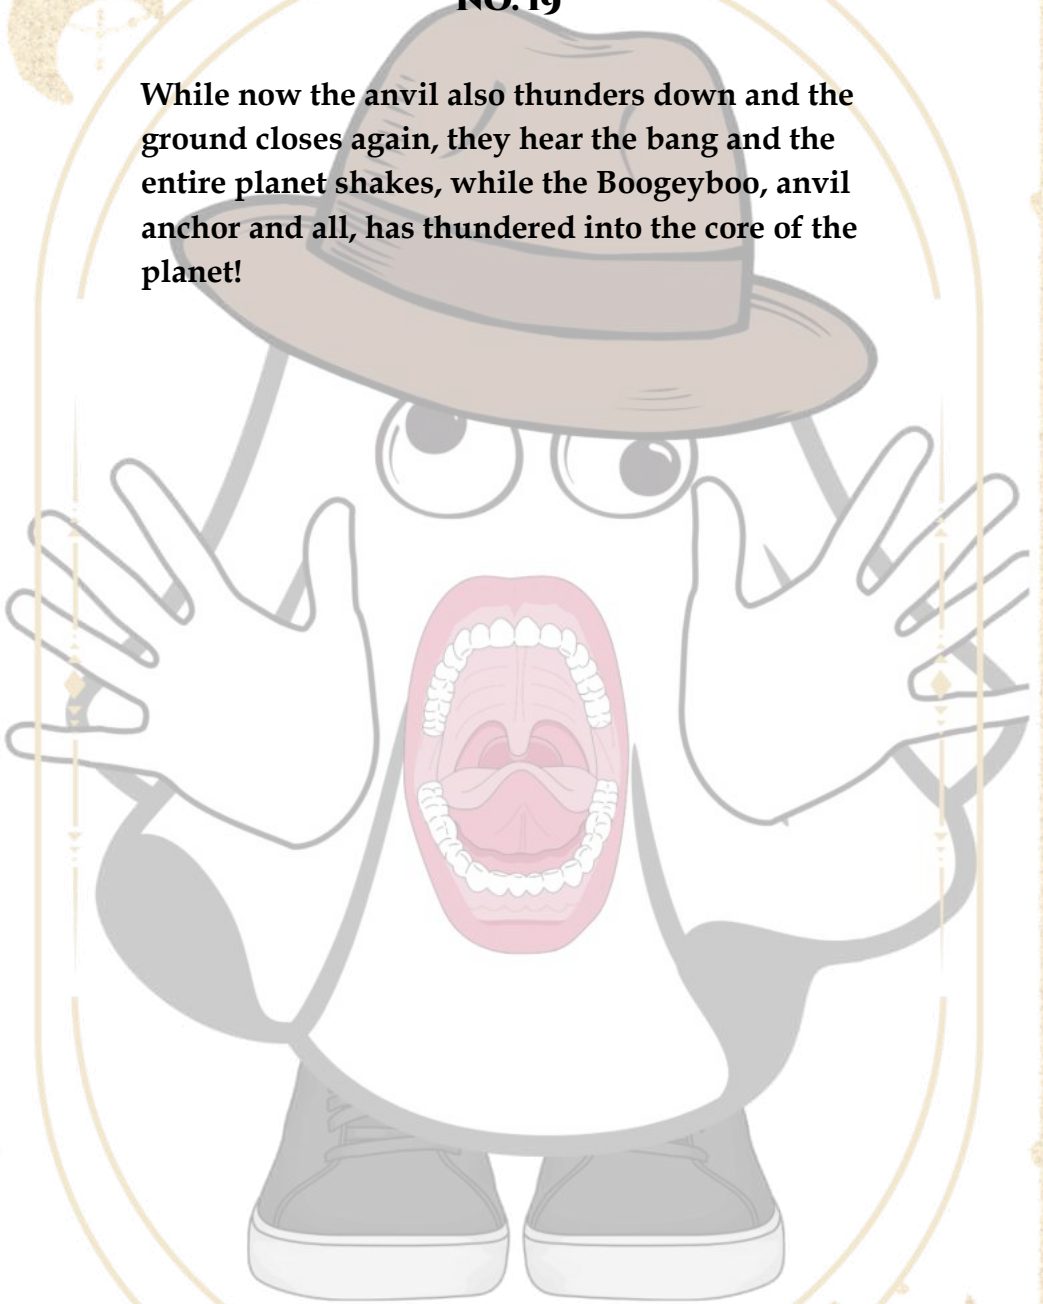

Auch Claw conjures up another lasso, but this time with something different, a lasso with barbed wire, and he drills a gigantic hole in the ground, where the core of the planet has become visible..

Then again an anvil, but this time there is an anchor on top. He wraps the lasso around the Boogeyboo and the lasso wraps itself around the anchor and the anchor thunders into the hole, together with that bloody annoying Boogeyboo, they hear for the last time:

BOOGIE BOO, BOOOOEEEE!

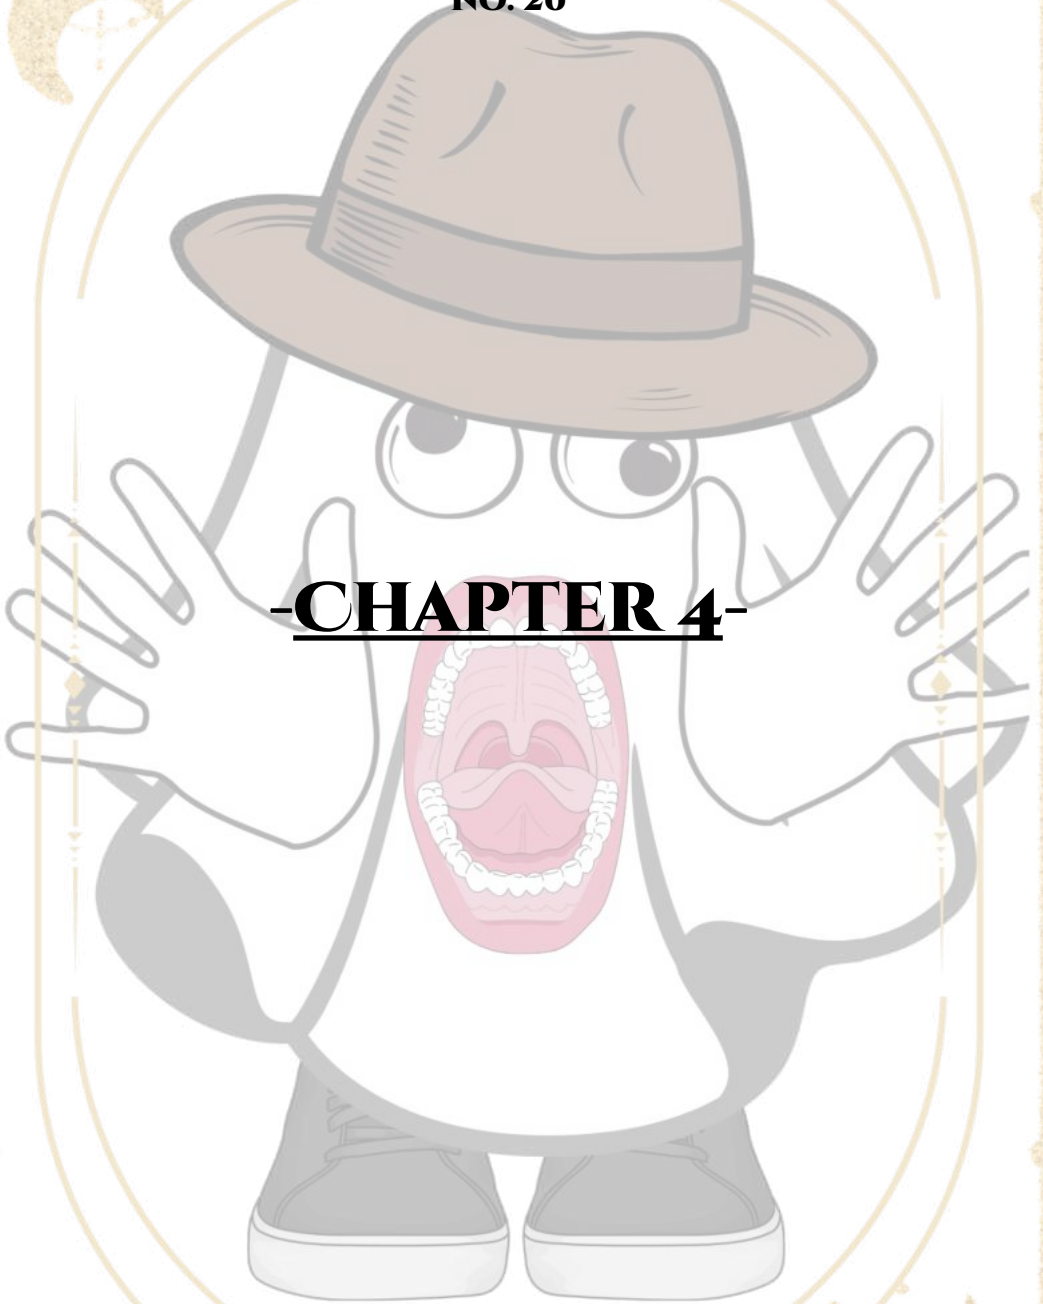

NO. 19

While now the anvil also thunders down and the ground closes again, they hear the bang and the entire planet shakes, while the Boogeyboo, anvil anchor and all, has thundered into the core of the planet!

NO. 20

-CHAPTER 4-

NO. 21

The entire planet cheers and the bear people carry Ouch Talon and Giullo on their hands and knees to City Hall where the mayor pins a pin on them! They are now known as the saviors from the tyranny that planet UB-09 faced...

Shortly afterward they hear a laugh from above in the sky, falling down piece by piece!

Until: SPLIT the laugh and a little demon with two red horns and gigantic claws emerges.

Auch Claw instinctively starts bolting, but the demon says it's not necessary!

He was sent to this planet by the supreme boogeyman, and they go into battle with each other and another boy with the all-seeing eye!

For the all-seeing eye has gone blind, and it is their job to make the all-seeing eye of Fearland-Feartopia see again!

Because without the judgment of the all-seeing eye the entire universe will end, but then the judgment must be good!

He introduces himself as Diabolico, the scariest in the boogeyman beater club, the greatest threat to childish innocence, the biggest and scariest boogeyman in the boogeyman beater club!

NO. 22

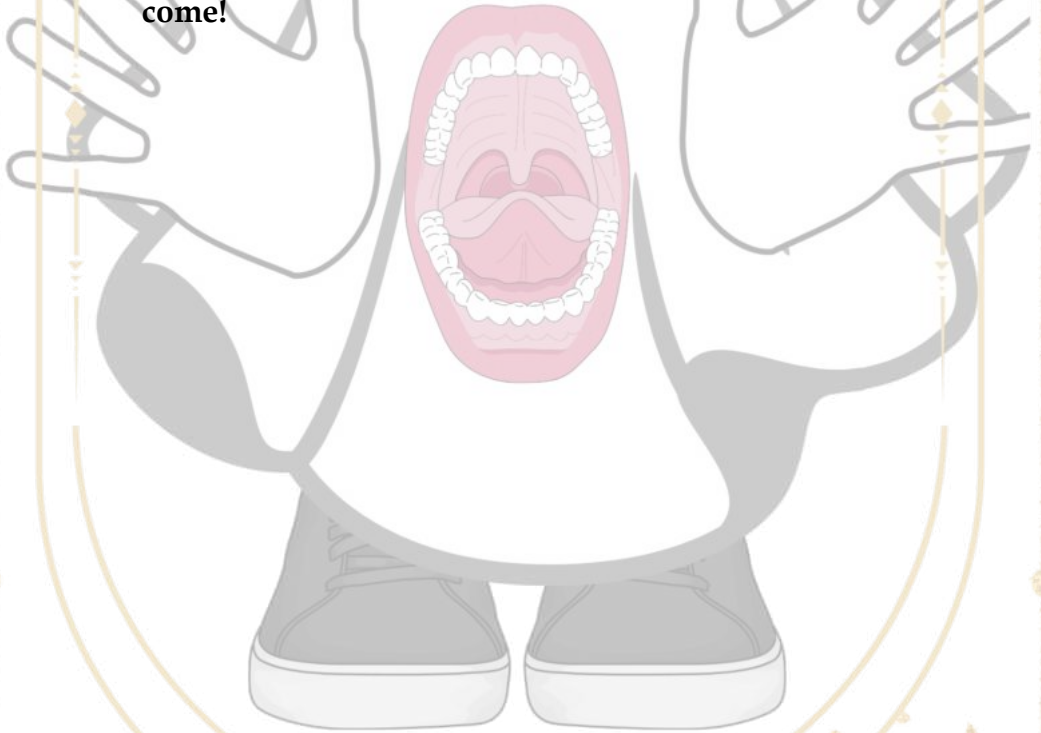

And together with Giullo and Giullo's Ouch Claw and this scared boy, they battle the all-seeing eye and the Boogity-Boogity monsters!

That is the assignment the chief ogre has given him!

Auch Claw raises his thumb and restores the city to its former glory, while the Boegieboe continues to bounce from underground.

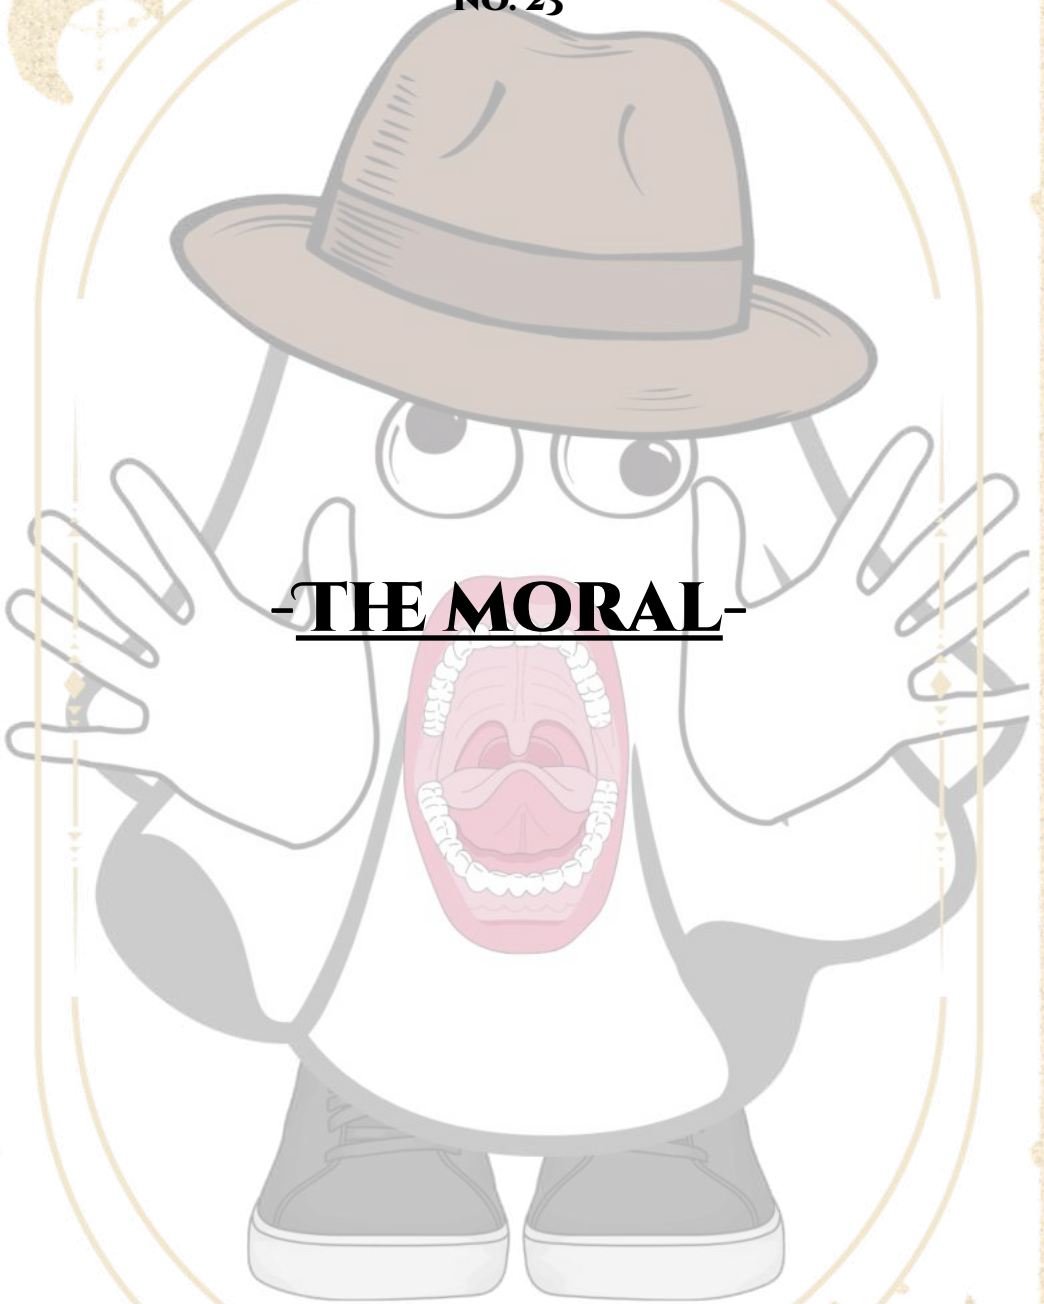

The ground shakes every time the Boogeyboo tries to get free, but he can't.

The planet is safe, while the greatest task is yet to come!

NO. 23

-THE MORAL-

NO. 24

Do you know the moral of this story?

Yes, I'll wait a while.....

Not too long, right!?

Well, shall we reveal it?

The moral of this story is one that is difficult to find.

But there is one that is important to know because the Boogeyboo is an accomplished magician, but little hand was smarter and stronger than him!

How do you think that would happen?

Because the Boogieboe has the experience and the anger, and it was precisely that anger that made the Boogeyboo blind!

He only thought about destroying, causing pain and gloating, while Ouch Claw thought about the bear people and helping.

But mainly to stop the Boogieboo, and so you see that no matter how angry or scary someone is: Even he has a weak spot, and even he or she can be stopped!

NO. 25

**I hope you enjoyed this bogeyman beater club
booklet, and I look forward to seeing you in part
3: the eye of doom:**

**Yes, only now can you read the eye of doom!
Mean of me, huh? It is not without reason that I
am the supreme bogeyman, founder, and owner
of the bogeyman beater club, and a huge friend
of children!**

**We wish you a very peaceful and loving night and
until next time, kind regards, the total bogeyman
beater club!**
