

The image features three pink, spiky, alien-like creatures with large, purple mouths and sharp, yellow teeth. They are set against a dark background with a window. The creature in the foreground is the largest and has a wide, open mouth, showing its teeth. The two creatures in the background are smaller and also have their mouths open. The story of Aueh Claw:

And the boogeywiggle!

THE SUPREME BOOGEYMAN

#1

First of all, I want all your attention for the following!

Because we are going to do things completely differently from now on, and this may be confusing for most of you, but the supreme boogeyman is now explaining it all to you, with pictures so that everyone understands!

As everyone can see, this book and the eye of doom are already there, but also two books that you have never seen, and that is because these books have not been written yet!

This is the Auch Claw series, something completely new, because everyone has read the eye of doom about Auch Claw and his zombie hand. Which had a life of its own and could do magic and such, and so this story is about how Auch Claw exactly got his zombie hand. And how exactly that hand could do magic and think for itself!

#2

Do you still get it? After that, the unwritten book: The revenge of Auch Claw is the second in the line and that booklet that precedes the eye of doom...

And then we get: The return of Auch Claw, the story continues...

And that means??

Yes, I'll wait a while.....

The return of Auch Claw, the story continues, which is the sequel to the eye of doom... So actually we have 4 Auch Claw books With two more unwritten booklets...

So Auch Claw gets his own spot on the boogeyman beater club even though he isn't an boogeyman at all, but I'll explain that to you all!

I hope you enjoy it and that you enjoy reading it as much as I enjoy writing it and, occasionally, laugh as hard as I do!

To be sure, read through the pictures one more time, and I hope you have fun with the first Auch Claw booklet!

And this is just to be sure:

The story of Auch Claw and the Boogeywiggle!

To start with this book, you actually have to forget about the eye of doom completely and read it again later... Because everyone knows Auch Claw by now, but that zombie hand didn't come out of nowhere, did it?

Ah, maybe so, no one can tell it better than me, right? Because the supreme boogeyman has also been suffering from a sore hand for a long time, and I sympathize with Auch Claw every day! Especially because you're not going to take me seriously now, but that zombie hand is purely because of a Boogeywiggle!

And I can hear you laughing, but what is a Boogeywiggle? Trust me, they look sweet but don't make them angry!

Never make a Boogeywiggle angry and Giullo noticed that too, or actually quite a bit!

Welcome to the story of Auch Claw, which precedes the Eye of Doom!

#5

CHAPTER 1

#6

It all started on an exhausting long day at work for Giullo, who comes home broken like mom or dad sometimes does.

The moment he opens the door, he sees that a boogeychaun has started making magic inside...

The boogeyman has trashed his entire house and there's pinkish stuff all over his living room, in his kitchen, and stuff everywhere like he exploded cotton candy!

Giullo tries to clean up the mess and the exploded cotton candy even squeaks and wobbles down the hall, but with each wobble the cotton candy gets bigger and bigger and bigger like it's a snowman cotton candy!

The boogeychaun laughs wildly and disappears from the house like a cloud of smoke!

Giullo Don't know what he sees! The snowman cotton candy has become a creature that can fly, with very sweet eyes and Giullo immediately accepts the creature and calls it Poppie, and yes, you get it, that's because it is a real doll! Just take a look at the cover image, but don't look too long, otherwise I'll give away too much!

And I have already given away so much about this story and about the upcoming books, and you name it all....

#7

So just pretend I haven't given anything away and that will remain our little secret!

But yes, we move on, Poppie, and Poppie is very sweet and very cuddly, and just like a cat actually! She also cuddles and purrs like a real cotton candy creature, and she doesn't want to leave Giullo's side! She follows him everywhere, and they become the best of friends after a few minutes, only Poppie can't stand loud noises! When Poppie hears loud noises, she growls enormously and stops listening at all!

But if she is also not allowed to cuddle, ohhhhh, that's wrong!

Because then Poppie multiplies into dozens of Poppies and all the Poppies look cute and the same, but they all wobble on the ground, and they all get bigger and bigger because of the pink cotton candy fluff stuff....

And Giullo thinks to himself yes, 1 Poppie was nice, but what on earth should I do with 40 Poppies?

What have I gotten myself into?

#8

All 40 of them want to cuddle, and they are all equally affectionate, and Giullo goes crazy screaming from all the attention after a hard day's work on construction!

He shouts:

STOP, STOP, STOP HUGGING!

And we may understand very well that Giullo reacts like that, but all Poppies can't do that, and you know I already said about loud noises, right? 1 Poppie might just growl, but if there are forty of them, they will light each other up! And they stir each other up, and then you have to flee!

Because then they become as they appear on the cover...

With those huge teeth, but Giullo doesn't realize that yet! And he's still trying to get the angry Poppies off of him, and he's so busy that he doesn't pay attention...

And in one go he sees hundreds, no, thousands of teeth of 40 Poppies, and he turns away in fear...

Yes, what would you do? Same thing, right? At least I do!

And he's so busy fighting that he doesn't even notice that his hand is gone.

Then at once the Poppies are all calm again, and he only notices that his hand is walking through the living room!

He doesn't know what he sees at first, and he feels, and he looks at his hand and twists, it is his hand that skips through the living room to the hallway!

#10

#11

He thinks what happened? And runs through the living room and out the hallway after his hand! He shouts:

HEY, COME BACK YOU, HERE COME RASCAL!

But his hand has a life of its own and climbs trees and swims through water, and he chases his hand everywhere, but the hand is faster than him. Has an advantage over him, and his own hand outsmarts him every time!

Can you imagine that? That your own hand has outsmarted you? And that your own hand is literally playing tricks on you? His hand runs through the crowd of people in the city and at a certain moment Giullo simply loses his own hand, and there he stands with one hand up and his stump waving and shouting:

HAND, HAND, HAND, HAND, COME ON!

But his hand has actually disappeared!
He is actually handless and in a daze he looks around for a glimpse of his hand but nothing!
Nothing at all! And how he will be reunited with his hand, that is the question of questions for Giullo at the moment!

#12

So sad and alone, Giullo leaves, with one hand and a stump...

Suddenly, he hears a scream behind him and can only think of one thing: **That's hand!**

He looks back and sees the hand sitting on top of a woman's hat, and she tries to knock it off, but the hand just stays put.

**HAND, STOP, AND NOW YOU COME HERE,
ARE YOU COMPLETELY CRAZY?**

Then the hand jumps off the hat and Giullo sees that the condition of the hand has also changed, because it is no longer just a hand but a zombie hand, a greenish dirty zombie hand!

A zombie hand that does everything by itself, a zombie hand that can climb and a zombie hand that can swim and run and bully women in hats! And then the hand draws something in the air, but what exactly is that?

What do you want to tell me, hand? Are you hungry? Are you thirsty?

The hand waves his index finger no, and continues drawing in the air...

#13

Giullo looks attentively at the light show that comes from it, all colors in the sky...

But wait, could little hand understand him?

Can you hear me?

Hand nods yes and continues drawing and then something forms in the air, it's a front door and a hand goes through it...

Then the front door flashes and Giullo knows he has to hurry before the door is gone or lost, because he can't draw in the air, only his hand can do that! So Giullo tries with all his might to save the door (yes, this one is a little harder to understand, I understand) and luckily he steps through the door just in time and sees his hand flying through the universe...

And Hand is drawing something again and before Giullo knows it, they are both in a spaceship with Hand as captain behind the helm!

It looks like a pirate ship from the outside, but from the inside it is very high-tech! There are all kinds of gadgets and buttons that Giullo is more than happy to press! But the hand starts to get irritated by Giullo's button pushing and jumps off the rudder and draws something in the air again,

#14

it becomes a rope and the hand ties Giullo to the chair next to the rudder and makes a shhh movement with his index finger!

The planets pass by in one go so fast that they go, until they come to a standstill with an emergency speed and screeching tires (squealing tires don't really work, right, with a space pirate ship? Uhhhh) The space pirate ship crashes onto a planet where dinosaurs with split tongues roam, and sea monsters still exist!

Giullo finds it all scary and then his hand grabs the rope and jumps into the water with Giullo, and swims with Giullo to the side!

Giullo says:

SHUT UP AND NOW UNTIE ME! WHERE ARE WE SOMEWHERE? WHAT KIND OF PLACE IS THIS, WHAT DO YOU PLAN TO DO HERE, TO ACHIEVE AND NOW.....

Before Giullo can say another word, his hand has put an old sock in his mouth!

#15

CHAPTER 3

#16

How would you like that? What if a zombie hand puts an old sweaty sock in your mouth? I don't think I would like that very much! And I don't think Giullo likes that either to be honest, and he can't say it anymore! (They keep getting fainter, don't they?)

Anyway, we continue, yes, boys and girls, sorry that I sometimes digress, that also has to do with age. 3100, that's not just anything!

Er, let's move on, where did we go again? Oh yeah, palm trees and coconuts and stuff, huh? Yes, of course those coconuts in those palm trees, of course, sorry, sorry, I lost track for a moment, I have to go back a bit...

Well, talking about palm trees and coconuts makes me want to have a milkshake right away!

Okay, let's move on! Hand pulls Giullo plus rope and sock, don't forget that dirty sweaty sock, across the beach and here come the coconuts...

But he pulls Giullo across the beach with rope and sock and all through the bushes and over the stones, and Giullo wants to say stop now, but how? Giullo doesn't know what he's doing, he ends up being just a normal, down-to-earth Dutch boy!

But he seriously can't understand what's happening to him now! The pulling on the rope finally stops, and hand releases it in front of a huge building...

#17

Giullo immediately pulls that dirty, sweaty sock out of his mouth and says: **BAH!**

Hand shakes back and forth as if laughing, and Giullo does his best to remain calm as Hand hops into the building.

It's a hospital and the weirdest creatures are there, dinosaurs and mermaids, werewolves and vampires, ghosts and gnomes and what on earth kind of fairy tale world is this?

But there is also a Poppie and Giullo doesn't dare to walk past it for fear of losing his other hand, and there is a purple bubble and a robot next to it!

What the hell have I gotten myself into? Giullo thinks as his hand pulls him past all the creatures..

They get to the counter and a hand jumps on it, and the employee points and says Auch Claw, welcome to Angstland-Feartopia, take a seat, the doctor will be with you shortly!

Giullo looks around in a bit of surprise and asks his hand: **Auch Claw?**

Hand raises two fingers: I don't know either..

The doctor soon arrives on the scene and says come on Auch Claw, this is unique, to have your appendage there! The doctor says: Sit down, sir?

Giullo, can you explain to me why you call my hand Auch Claw, and how exactly this happened?

And if I'm not dreaming!

#18

I'm going to explain that to you now, a boogeywiggle bit your hand off, didn't it?

Yes, 1 of the 40 Poppies did that!

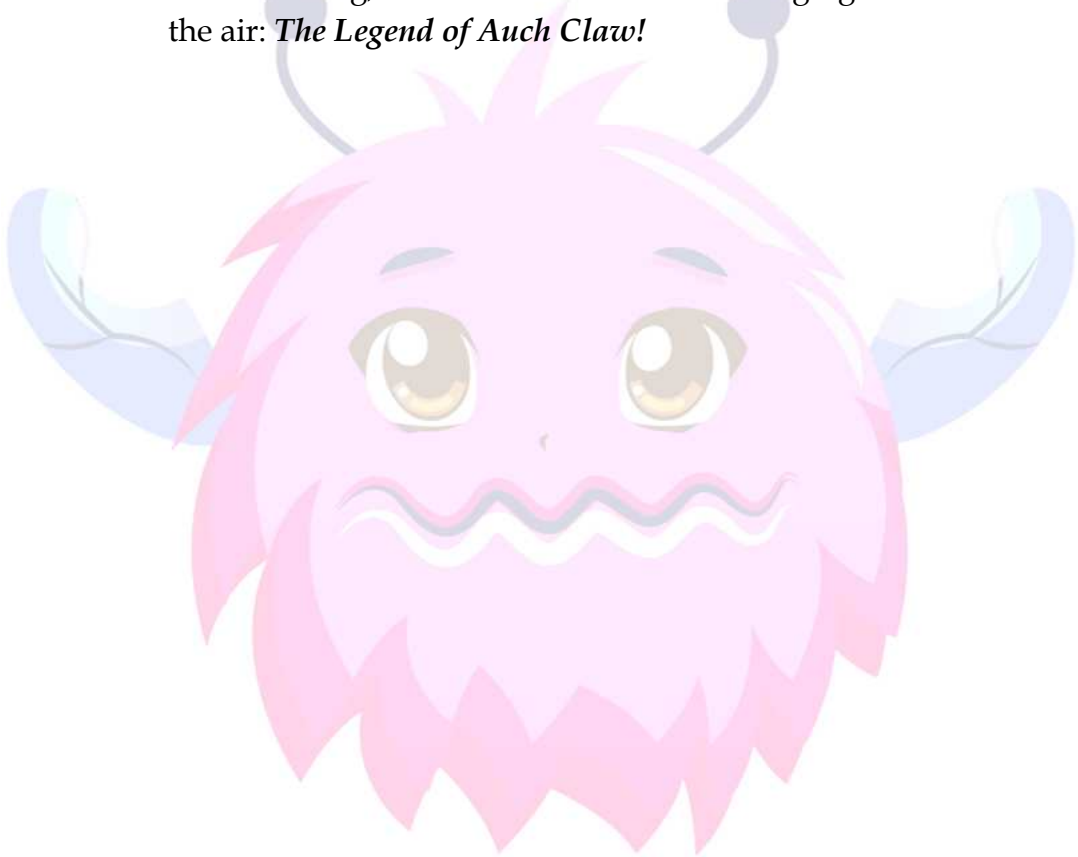

Poppies? Anyway, that poppie was a boogeywiggle and that can only exist when a boogiechaun has started chauning, do you remember? Oh, wait a minute to explain this properly, a boogiechaun chauns. That one works magic, and you chose that one to fix, and I understand that this is all annoying, but luckily you didn't feel anything! The wound also immediately cauterizes with the saliva of a boogeywiggle, so most people simply lose their hand after a bite! The hand literally runs away. That's why it's so special that you're here in the Angstland-Feartopia hospital, but the problem is, we can't stitch your hand! But with a friendship like yours, Auch Claw can attach itself to your arm and let go... And why we call your hand Auch Claw, it's because of the legend of the Auch Claw, I advise you to know as much about your hand as possible to come. And I wish you a nice day and wise adventure! The doctor snaps his fingers and Giullo stands in the library of Angstland-Feartopia, where he walks to the counter, but no one is there.

#19

Giullo shouts: **PEOPLE, PEOPLE, IS ANYONE
HERE?**

As soon as he looks away, a thick book flies against
his head: **AUCH WHO DID THAT?** Then a thicker
book: **AUCH THE FRIKKINGFRAKKINGFRAK!**

Then half the library flies into his head, and he
starts running, until he runs into a book hanging in
the air: *The Legend of Auch Claw!*

#20

#21

He sits down and starts reading, and the first sentence is immediately promising:

Whoever has the Auch Claw has it for life!

There is no way this can be reversed! But what exactly is the Auch Claw? Everyone has suffered from cramps and this is how you can also see the Auch Claw, but without pain. The Auch Claw is the result of the chaun of a boogeychaun and the bite of an angry boogeywiggle!

What exactly is a boogeywiggle? A boogeywiggle is not a pet!

**Look, this is where I made a mistake! This has been my biggest mistake, look boy, here it is:
Poppie was not a pet!**

A boogeywiggle is nothing more than the playful chauning of a bored boogeychaun! And a boogeychaun actually lives everywhere in the universe in the forests, but they usually keep themselves well hidden from other life forms...

You won't feel anything about a bite from a boogeywiggle and the saliva from a boogeywiggle ensures that the arm and hand are immediately healed, so turning back is impossible!

#22

If you have an Auch Claw, you will have it for life!
And while virtually no one can find their Auch
Claw once it has fled, some are able to just hold
back their Auch Claw, making them friends for life!
Every Auch Claw is different, so there is not just
one type of Auch Claw!

The Auch Claw attaches itself to the arm of its host,
and can also come loose!

The Auch Claw can chaunt and always knows the
way everywhere, even if he has never been there!

The Auch Claw is fearless, so the Auch Claw will
never shy away from a fight!

But take good care of the Auch Claw and be friends
with him, otherwise he will take you for a ride
again, and you will lose him forever!

**Well, that was it hand! This is all it said. And look
how thick this book is, it has maybe 500 pages
and this is all it said about you! A waste of our
time, but should I call you Auch Claw or Hand?**

Hand raises two fingers, and then he leaves with
the northern sun! **NO, NOT AGAIN, NOT
AGAIN! HAND, HAND, OW AUCH CLAW,
COME HERE!**

#23

Giullo runs out of the library like a headless chicken and almost breaks his neck over dozens of boogeychauns who have all gathered outside: **YOU!** The boogeychauns laugh and all melt into one, it is 1 huge boogeychaun with pointed hat and all, as big as a skyscraper! He mashes everything up, and Giullo is still looking for a hand or Auch Claw.

Then in one go Giullo is on the ground and is pulled back. No, again with his head through the sand over the ground and the pebbles, he is pulled into the forest, with his head from one tree and at every tree there is a sound: **AUCH!**

Then he is pulled into the tree upside down and pulled through the branches of the tree: **AUCH, AUCH, AUCH!**

It's hand who makes a shhh movement, Giullo nods and waves his fingers in the air, then he points down and Giullo sees a hundred thousand pieces of pink fluff!

The hundred thousand pieces all wobble on the ground until there is an army of gigantic boogiewiggles.

They are each as tall as a tree, and Giullo keeps his hand waiting by sitting on his shoulder.

#24

Giullo nods and his hand jumps down, all boogeywiggles want his attention, but he leads them out of the forest: **The smart one!**

The stomping of the giant boogeychaun causes the boogeywiggles to lose their patience and they all fly straight towards the boogeychaun that is just about to trample the hospital.

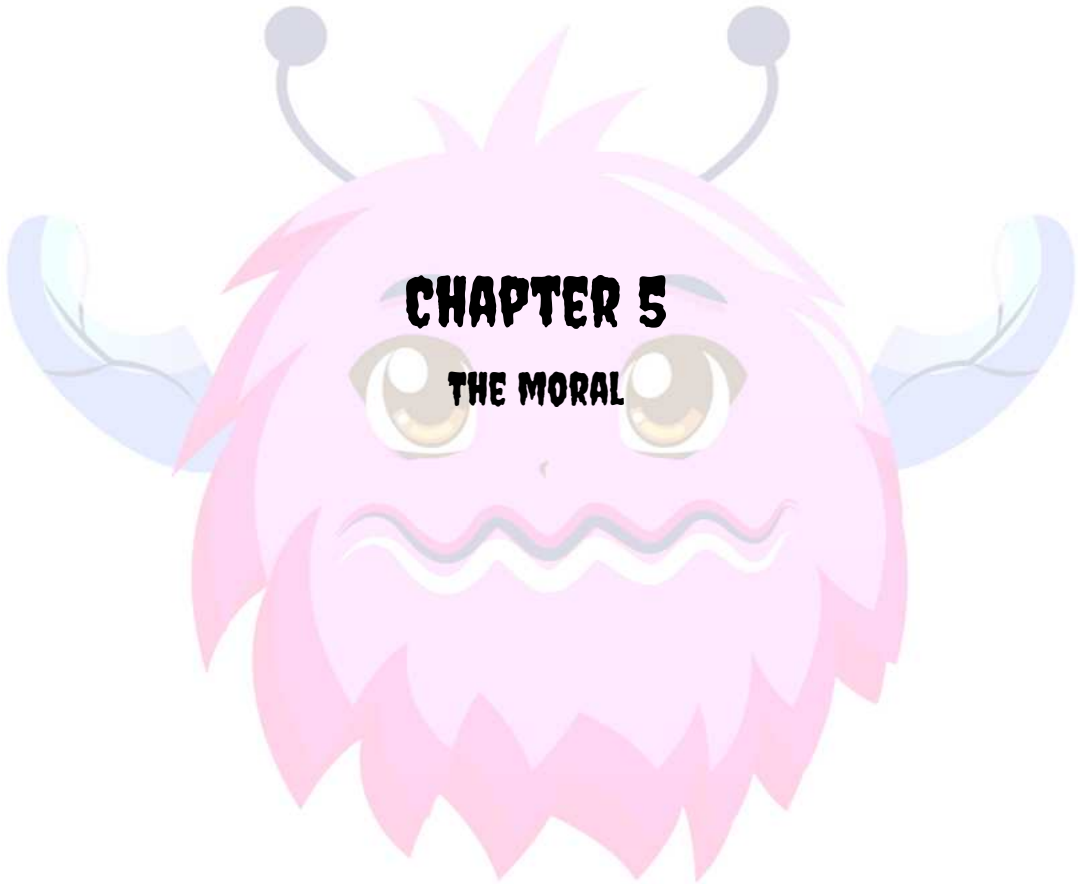

A fight ensues between the two, but the boogeychaun becomes smaller and smaller until there are nothing but tiny hands and boogeychauns flying in panic in all directions!

But what happens? It suddenly becomes dark and something glows meters high in the sky, it looks like an eye looking down on everything and everyone.

And before Giullo knows it, the dinosaurs and his hand are on a completely different planet, a total wasteland with three moons and two suns shining at the same time, an aimless bear man walks towards him:

*Welcome to UB/09, try to keep the planet intact
and not make a bigger mess of it!*

#25

#26

Well, then we come to the moral of this story, and I think you know the moral better than me this time...

Because I can say that not everything is a pet, but I think everyone knows better that everything is just a pet, except that frikking boogeywiggle!

No, the moral is.....
Come on guys, yes, I'll wait!
I'm still waiting, and I'll keep waiting...

Really, no one at all this time? Okay, then I'll start: even if something is scary at first, it doesn't have to remain scary!

Do you get it yet? Just like Giullo, can you imagine how scared he was when he saw his own hand walk away? And things like this happen every day, especially on Angstland-Feartopia!

Sometimes you have to take a small risk in life, like Giullo running after his own hand, and that turned out to be the case later because otherwise he would never have seen his own hand again!

#27

Do you remember what I said at the very beginning of
this booklet?

This booklet precedes???

The Revenge of Ouch Claw...

And now with pictures:

So this was part 1 Part 2 has yet to be written and part
3 the eye of doom is written on

The boogeyman beater club

I hope you enjoy reading the rest of the boogeybooks!

Kind regards, the boogeyman beater club!

Sleep tight and see you next time!

#28

Before you close this book, may I ask you all for a
review on Trustpilot [via this link](#)
Or on the bogeyman beater club or via instagram via
the tag
@opper.boeman or **@supreme.boogeyman?**

We can only grow if we can, and I hope I made you all
laugh, at least I did when I wrote it! Yeah, this is
something completely different again, isn't it?
And that's what's so great about writing these books,
because even I don't know in advance what I'm going
to write!

I'm talking about Auch Claw's revenge, but you know
just as much what it's about as I do....

For the children who have already read The Eye of
Doom, they have an idea, I think...

But how am I going to do this again? I don't know
either, I'm at a loss for part two!

And while this true story shot out of my laptop in two
days! I think I might have some problems with part
two, and part three already exists quite conveniently,
again, right?

Well, see you next time, and hopefully you enjoyed the
beginning of this series!
